Monticello's Values Grow World Ready Citizens

Dear Families and Community Members,

As we begin this new school year, we want to express our sincere gratitude for your unwavering support. Your generosity and dedication have made a profound impact on our students and have created a truly remarkable learning environment.

Your generous contributions, whether they are supporting our referendums, providing school supplies, books, or financial donations, have been instrumental in providing our students with the resources they need to succeed. Your kindness has allowed us to create a space where every child feels valued and empowered.

Beyond your material support, your active involvement in our school community has been invaluable. Your presence at events, your volunteer work in classrooms, and your enthusiastic cheering at our athletic and extracurricular contests have fostered a sense of belonging and support that is essential to our students' growth and development.

The positive impact of your support is evident in the enthusiasm and excitement that our students bring to their learning each day. Your dedication to their success has created an atmosphere of encouragement and motivation, inspiring them to reach for their highest potential.

As we reflect on this strong start to the school year, we are reminded of the power of partnership. Together, we are building a strong foundation for our students' future, ensuring that they are equipped with the knowledge, skills, and values needed to thrive.

Thank you again for your continued support. We look forward to continuing this journey together as we strive to provide the best possible education for our students.

Sincerely,

Mr. Brokopp

THANK YOU!

Thanks to local beekeeper, Bob Voss, for inviting our 2nd Graders to his "hive" to learn about honeybees.

MY SUMMER IN MEXICO

By Ella Salas

This summer, I had the amazing opportunity to travel to Mérida, México. It was my first time out of the country and I went through a study abroad program called CIEE. For one month I lived with a host family and went to school everyday where I not only considerably improved my Spanish, but I also learned so much about Mexican culture!

Every week at school we would prepare and deliver a presentation about topics ranging from cultural stereotypes, to global issues, to personal growth. We went to museums, walked to historical sites, and interviewed locals about their opinions. I learned the dances, art, music, food, and history of México with interactive classes everyday.

Additionally, I also saw some spectacular places. Chichen Itza, one of the 7 Wonders of the World; the Chicxulub Crater, where the asteroid that killed the dinosaurs hit; Uxmal, the ruins of an ancient Mayan city and much more. I swam in cenotes, natural sinkholes only found in the Yucatán. These sacred places were once used for sacrifices, and according to Mayan legend, are guarded by a serpent named Tzukán.

In truth, while the places I saw and the activities I did are unforgettable, my favorite part was the people. My host mom was the most welcoming and kind lady. My teacher shared her love of Mexican and Mayan culture with all of us. I made new friends from different places like New York, California, El Salvador, Ecuador, and more. These people shaped my trip into the unforgettable experience it was.

I'm so grateful to have had this opportunity, thank you to everyone who helped make it possible!

2024-2025 NEW STAFF

We are delighted and lucky to welcome the following staff to our school! If you see them, please be sure to give them a warm, Pony welcome!

OGGY YORK

Hello, my name is Oggy York, and I am the new 8th-12th Health and PE teacher at Monticello. I graduated from UW-Whitewater in May with licensure in PE, Health, and Adapted PE. Having completed my elementary student teaching right here at Monticello, I'm excited to return to a place I already know and love. Outside of school, you can find me running, playing sports, hunting, fishing, or enjoying time with family and friends. I'm eager to contribute to this amazing community!

GREG LOMONICO

Greg joins us from the distant state of Maryland, where he has been working as an architect for 10 years. Monticello has been his home for the past 5 years. He is finishing acquiring his teaching license this semester, and is excited to be in the art classroom.

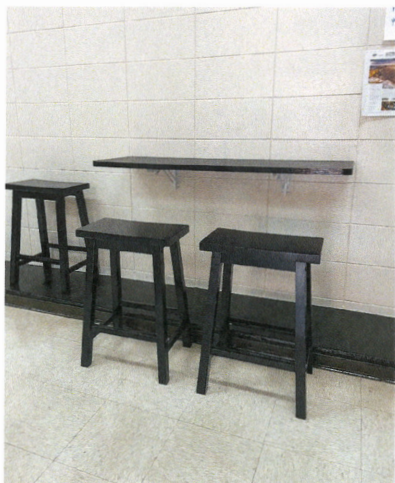

NEW FURNITURE FOR OUR SCHOOL

By: Kalyn Constantini and McKailee Miller

Monticello students came back from summer break this year to find new furniture in various parts of our building, purchased by the Monticello Parent Teacher Organization, or PTO. Types of furniture selected included leather benches, high-top tables and chairs, stools with work space, a marble-looking table with two benches, and even a couch with charging ports. The furniture was put in various middle/high school hallways near cameras, where - even without direct supervision throughout the day - staff can always help monitor students, while also giving them some space and independence.

The Parent Teacher Organization (PTO) is made up of parents, school staff, and community members who work to raise money and sponsor events/purchases that benefit our students. Often these purchases are made for things that aren't typically in the operating budget, but which make our school more welcoming and enjoyable - for students and staff alike! When asked about the motivation behind the furniture, PTO member and middle-school teacher Deb Freitag said, "We thought it would make our school more inviting, create new spaces for students to do their school work, comfy places to sit while waiting for a teacher or the nurse, and relaxing places to hang out when students' work is finished. Now we hope everyone uses the items often, but also does their best to take good care of everything." From what we have observed, students are using the furniture regularly and really appreciating these new additions!

If you would be interested in joining our amazing PTO, they meet the third Monday of each month, at 7:15pm in the high school library, and always love new faces and fresh ideas!

THANK YOU SO MUCH, PTO!

AD CORNER

Our fall sports are in full swing, and we just celebrated our first fall Homecoming! It was a very fun week. We have many middle school and high school student athletes participating in football, volleyball, and cross country. Good luck to all teams, athletes, and coaches as you head into the final stretch of your seasons! There is still plenty of time to catch a game or a meet! And remember that many of our high school volleyball and football games and some middle school volleyball games are live streamed and can be watched from home. Please check out our Monticello Athletics Facebook page for weekly updates about our Pony sports, including links to view live streams.

Our winter sports season is just around the corner! If your student plans to participate in any upcoming school sport, please ensure that they have an up-to-date WIAA sports physical on file at school. WIAA sports physicals are needed every 2 years.

MIDDLE SCHOOL VOLLEYBALL

What a great season for all of these amazing middle school athletes! We are so proud of the hard work and dedication they put forth during the season. It was great to have coached and cheered them on. Thank you to the athletes and their parents! Go Ponies!! -Coach Karlen and Coach Bruns

Come Explore the Southwest with Us!

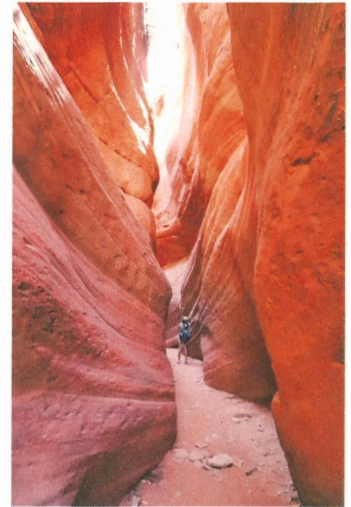

“Travel is not wasteful spending; it is an investment.”

Dear Families:

We have additional room on our trip to Arizona & Utah in 2025, including various state and national parks - plus other incredible locations! (We will most likely leave on June 10th, but our “departure window” is June 8-12th.)

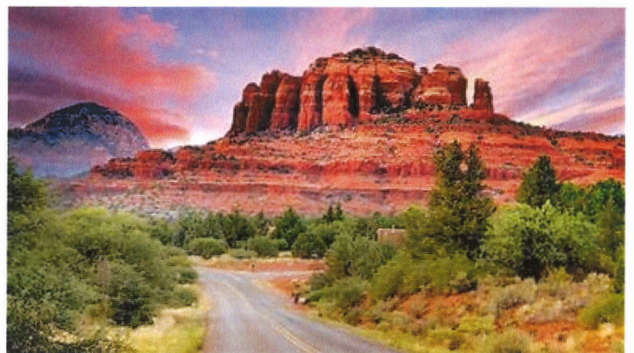

We will be visiting many amazing and memorable sites, like:

- Slot canyons (*top*) and hoodoos of Kanab
- Coral Pink Sand Dunes State Park
- Bryce Canyon National Park
- Zion National Park
- Glen Canyon Dam
- Wahweap Overlook
- Native American Petroglyphs
- Colorado River Float Trip (rafting through Horseshoe Bend, *at right*)
- Lowell Observatory (where Pluto was discovered)
- Grand Canyon National Park (with iMax movie)
- Oak Creek Canyon Vista Point
- Sedona (*bottom*), Flagstaff, and Phoenix
 - [Full itinerary](#) can be found here

Your experience will include:

- Round-trip transportation from Milwaukee Airport, including both flight and coach tour bus
 - We are responsible for getting to the airport on our own; last summer most rode a school bus.
- 5 nights of hotel accommodations
- Round-the-clock Tour Director, meeting us at our destination airport and then with us 24/7 for all 6 days
- Breakfast, lunch, and dinner daily (minus any meals during travel to and from our destination)
- All sightseeing tours
- Tickets to all special attractions
- Overnight security at our hotel
- Illness and accident coverage
- Travel ID badges & EF backpacks (to keep)
- All gratuities

We have now opened seats up to guests of *any* age, so anyone is welcome to join us! The cost of this unique and memorable experience is \$2,639 for students and \$3,089 for adults, though costs may increase [~\$50] on October 1. There is a short essay students can write, which will help them have a very good chance at earning a \$500 [scholarship](#) through EF Tours. Likewise, there are concession stand opportunities (here at school and at UW Badger sporting events) to also help families raise hundreds of dollars to put toward trip expenses.

Register at <https://www.efexploreamerica.com/tour-website/2768753SZ> as soon as possible to reserve your spot and get the lowest price! Please let me know if you have any questions, Deb Freitag

What are Dual Credit Options?

MHS offers several opportunities for students to earn college credit in high school. Several teachers at MHS or in the JAMBB consortium are qualified to teach specific courses that align with the curriculum at the college level. There are also some telepresence courses taught by college faculty.

Courses offered through Blackhawk Technical College should transfer with them should they decide to attend further schooling after graduation. If a course is listed in the course catalog as “Advanced Standing”, those credits will only be available if the student enrolls at the partnership college. For example, if Animal Science 1 & 2 are offered as Advanced Standing with BTC in high school, a student will only earn credit for the Animal Science course at BTC if they choose to attend BTC post high school. If the course is listed as “Transcripted Credit” that course credit should apply to any school in the WI Technical College system and the Universities of WI due to the Universal Credit Transfer Agreement.

Courses offered with UW System schools through CAPP (Cooperative Academic Partnership Program) or CCIHS (College Credit in High School) should earn a student credit that is transferable throughout the Universities of WI, WI Technical Colleges, & often at private or public universities outside the system as well. [Transferology](#) is a great resource for finding out whether CAPP or CCIHS credits will transfer to the university you plan to attend.

Starting with the 2024-2025 school year dual credit courses will be a factor in determining weighted GPAs for high school students. The weighted GPA will determine class rank. More information on this will follow later in the school year.

Tuition costs

There is no additional cost to the student/family for classes aligned with Blackhawk Technical College or Madison College.

Students/families will need to pay tuition for CAPP & CCIHS courses. For 2024-25 courses cost \$110 per credit (i.e. a 3 credit course will cost \$330). MHS will add the cost of each class to the student’s school fees to be paid during registration. It may seem like a large amount when registering for high school, but this is a fraction of the per credit tuition a student would pay at a university.

Financial assistance options for CAPP/CCIHS tuition available to students/families. Please contact the school for more information.

Historically the school board has incentivised these classes by reimbursing families 50% of the tuition cost for students who earn a 95% or better, which is great motivation for students to have goals for high achievement!

Why CAPP/CCIHS?

CAPP/CCIHS offer classes that immerse students in the rigor of university academics. Students will gain knowledge & skills that will help them jump into academics at college successfully, leading to less stress in their first semesters. Another benefit is that students have the opportunity to earn more than a semester’s worth of credits, which can help them when it comes to registering for their college courses (less introductory classes to take, earlier registration times leading to a larger variety of classes available, etc).

College Credits (cont'd)...

Student Requirements

Transcripted Credit or Advance Standing - There are no specific requirements for classes with BTC or MATC besides meeting the prerequisites specific to the course (as listed in the MHS course guide). Students will only receive college credit for transcripted credit courses if they earn a 70% or higher or 80% or higher for advanced standing.

CAPP/CCIHS - Students wishing to enroll in CAPP or CCIHS courses must meet the following requirements:

- Class rank in top 30%
- GPA of at least 2.75
- Qualifying scores on placement tests (if required for that course)

Enrollment & Registration

All dual credit courses require enrollment in the partnering college, along with registration in that specific course. Teachers will assist with this process during the first week of class each semester. Upon enrollment each student will receive access to a student portal & email address for that college. Make note of the login & password because you will need this information when requesting unofficial transcripts, looking up grades for courses not taught by MHS/JAMBB faculty, or Canvas access for some courses. It is the responsibility of the student to inquire about access so they do not miss assignments & due dates.

Is it really October already? Hope everyone's school year is off to a terrific start! Couple of things...

GIVING HAND WASHING A HIGH FIVE! We are drowning germs by remembering to wash our hands with soap and water for 20 seconds, especially before eating and after using the bathroom. Elementary students did some fun activities and experiments learning all about germs and how hand washing helps keep us well! Ask them to show how we wash our hands in Monticello! And encourage it at home, too.

FLU SHOTS ~ The Green County Health Department will be coming to school on October 10th to administer seasonal flu vaccines to interested students. According to the CDC, getting an annual flu vaccine is the first and best way to protect yourself and your family from the flu. Flu vaccination can reduce flu illnesses, doctors' visits, and missed work and school due to flu, as well as prevent flu-related hospitalizations. The CDC recommends a yearly flu vaccine for everyone 6 months and older. Permission slips have been emailed out to all families ~ If you would be in need of a paper copy permission slip or can't find the email, please let me know.

COVID-19 VACCINE INFO ~ The CDC recently announced that updated COVID-19 vaccines are now available. CDC recommends everyone 6 months and older get an updated COVID-19 vaccine to protect against the potentially serious outcomes of COVID-19 illness this fall and winter. Vaccination remains the best protection against COVID-19-related hospitalization and death. Vaccination also reduces your chance of suffering the effects of Long COVID, which can develop during or following acute infection and last for an extended duration. The New Glarus Hometown Pharmacy will be coming to school on October 8th to administer COVID 19 vaccines to interested students. Your health insurance will be billed for this vaccine. You also should have received an email regarding this ~ Let me know if you need a permission slip for your child.

OTHER IMMUNIZATIONS! Every fall I complete our school's required state immunization report and audit checking on our students' compliance with required State of Wisconsin school immunizations. Thank you to parents for making sure your child(ren) are up-to-date on all needed immunizations!

SICK? We are working hard to keep ourselves healthy, but an occasional illness in kids that keeps them home from school is inevitable. Below are some reminders for when to keep your child home from school....

Where many kids gather, there will be germs! While it is certainly not necessary to keep your child home from school for every minor snuffle, there are some times when it is in the best interest of your child (and our whole school) to take a day off to rest and recover. Here are some reminders of when your child should not attend school due to illness:

- **Fever >100.4:** Fevers indicate a child is fighting off some sort of illness. Your child should be fever-free for 24 hours [without any fever reducing medications like acetaminophen (Tylenol) or ibuprofen (Advil)] before returning to school.
- **Vomiting or diarrhea:** Please keep your child home until he/she is able to keep down food from at least the evening before and breakfast that morning and no further diarrhea.
- **Bacterial illnesses like strep throat, pink eye, and impetigo:** Students can return to school after being on antibiotics for 24 hours.

When deciding if your child can go to school, use your best judgment and keep in mind that if your child is very uncomfortable, he/she won't be able to concentrate or learn. You may also want to call your child's medical provider or nurse triage line for further help deciding. Please remember to call the Pony Attendance line at 938-4194 to report when your child will be absent due to illness/injury.

Hello Parents,

We are excited to share that Orion Family Services will begin services at our school. A therapist will see students in our building during the school day. Services will be billed through a family's insurance and remaining balances are the responsibility of the family.

One of the amazing things about having SBMH in our building is that we have been able to get students counseling services in a matter of weeks not months. This has been extremely helpful to families who have struggled with waitlists. Another amazing piece is the increased ability for us to collaborate with the providers to ensure that students wellness is the priority.

If you are interested please reach out to either of us and we will get things started.

Please contact us with any questions,

Jami Cregan

HAVE OLD PONY GEAR?

If your kids have outgrown any of their Pony clothing~ shirts or sweatshirts especially... Please consider donating them back to school! We love to have a stash of Pony gear available to hand out to our new students and anyone in need of some Pony cheer! Any items can be dropped off to the office. Go Ponies!

Like last year, we did not offer yearbooks for sale during registration. To place your order, please go to <https://www.yearbookordercenter.com/index.cfm/job/20670> to purchase an elementary/middle school yearbook and/or <https://www.yearbookordercenter.com/job/20669> to purchase a high school yearbook.

FBLA FUNDRAISER

It's Butterbraid time! From October 8 through October 22, Monticello FBLA members will be selling Butterbraids in all of your favorite flavors! Be on the lookout for a link to order online, or you can stop an FBLA member or contact Mr. Olson at olsonma@monticello.k12.wi.us to place your order. They will be delivered to school on Nov 6. Thank you in advance for your support!

News by Rachel Rufer

FCCLA has been off to a busy start with our first fundraiser for the year which was on Saturday, September 14th. We were able to do a Drive 4UR School event thanks to Symdon Ford. We would like to thank Symdon Ford for providing us with this opportunity and we would also like to thank everyone that came out to test drive a new Ford vehicle. What a fun way to earn some money for our chapter!

We are moving forward to our annual food drive for Green Cares Food Pantry with the help from our local Lions chapter. We will be dropping off bags on October 4th to be filled with non-perishable food items, toiletries, cleaning supplies or monetary donations. The bags will be picked up on October 12, between 8:00 am and 10:00 am. Please leave the bags in a visible location by your front door to be picked up. If you have any questions you can contact me at 608-214-3750.

Finally, to end the month, we will be attending the annual Fall Leadership conference at Madison College. The Wisconsin FCCLA Fall Leadership Conference is an empowering event designed to ignite the leadership potential of our members. We will get to meet our state officers and take part in breakout sessions. That's all for now!

BOOSTER CLUB

This is a great opportunity for parents and guardians to help the Monticello athletic program! Please consider joining us every 3rd Monday of the month at 6:15 PM in the school cafeteria, but due to conflicts in schedules, meeting dates and locations can vary so if you'd like more information or are interested in joining, please email us at monticelloboosterclub@gmail.com. All are welcome and you do not have to have a child in sports to join.

Pack a Sack Food Drive

45th ANNUAL NATIVE AMERICAN INDIAN ARTIFACT SHOW

The Badger State Archaeological Society will hold its annual Indian Artifact Show on Sunday, October 27th. The event will be held in the Rehmsstedt Gym at Monticello School, 334 South Main Street, Monticello, WI from 8:00 AM to 3:00 PM. Cost of admission is \$2.00 for 14 years and older.

The show was started by Ralph Hammerly, Paul Severson, & James Beer, with only 5 tables in Monroe. The show has grown to over 80 tables of artifacts on display or for sale, including points, stone, bone, copper artifacts, Eskimo items, prints, books, pottery, jewelry, rugs and a whole lot more. The show itself is a history lesson, and there will be experts on hand to identify your artifacts.

The 4th graders are making Indian villages this year. All out of natural materials. Also, the Boy Scout Troop #106 will have a lunch stand. There will be awards for the show, best personal find, judge's choice, and best educational display.

For more information, contact Steve or Janet Gobeli at 608-329-4781.
